## DOMOTEX Architects Space – The hotspot for architecture, planning und design

Present your solutions where planners, architects and interior designers are actively looking for innovation! The Architects Space – developed in partnership with Heinze and BauNetz – offers a high-profile platform for your products and concepts around flooring, walls, ceilings and acoustics. Reach a clearly defined audience and demonstrate how you're rethinking space.

**Your advantage:** A premium presence, a professionally designed stand and direct access to your key audience – all with zero planning effort on your part.

## Boost your visibility with powerful media partnerships

Make your Architects Space participation go further:

Thanks to the exclusive media package developed with Heinze and BauNetz, your presence will be featured editorially on leading architecture platforms.
